The Reservation Wards Make a Rounday

For months past the settlers in and about the Dripping Springs, for a distance of fifteen or twenty miles from the western boundary of the reservation have been more or less approved by der find evidences of a steer or two had a horse stolen. In nearly every in stance all efforts to fears the nerers of these tholes has failed, but was learned to fix the responsible upon the e fadisms. Last Christa steer belonging to him W. M. Chaffle was killed by the ladrans, but they creted the hide and no positive eve against them could be seenred. At time they stole two horses, only on which was recovered, and that was tained through its recognition by torially strengthen the guarantees of friend of Mr. Griffish. The officer charge promptly gave it up, but thought the Indian who had brought it to him as having been 'lound' on the reserval hould be rewarded for him trouble Knowing that the hops of a reward was the incentive to the theft, such a pre mium upon rescality was promptly de clined by Mr. Gerffith.

On February 22 i a lot of Indians left Capt. Smitn's band, on the Gila above the bridge, inside the reservation, and went towards Dripping Springs. were seen by several people, although but little heed was paid to them. the 234 they rounded up a hard of about twenty-five horses belonging insurgent troops of Schstris, Bulgaris, to Mr. Satherhard, and decamp has been arrested. The news from Silis Among these lost by Mr. Grif

broken, was shot by the Indiana who

failed to conquer his spirit. The ropes nok the cureass all away with them. After stealing the horses they ma directly for the adjacent rocks where i is impossible to trail them. These rooks running 'n every direction, which added to the difficulty of trailing them. They went to the reservation, but what direction they then pursued is not known, but it is believed they are destined for the White Mountain tribe or the Navaes, to whom they will be traded, Mr. Griffith at once notified the Indian agent, but has received no reply from him, and without his co-operati o successful search can be made for the tolen stock. The depredations were lone by the band of Son Carlos Apachs, residing on the Gila, and the pl

where they rounded up the horses is 13 niles west of the reservation line. The settlers in that vicinity are naturly very indignant ever these unwar- For all her ated outrages by the Indiana, and the on-tant recurrence of them is liable to rovoke open hostilities If the governnt forbids the whites from trespassing the reservation, it should prevent the dians from trespassing on the propery of the winter.
